## DONALD GORDON VISITS WAINWRIGHT

..... Your editor had the pleasure of meeting up Mr. Donald Gordon, chairman of the Canadian National Railways on his visit to Wainwright on Sunday, and was quite favorably impressed with the way in which the delegation from the Board of Trade and the Town were received. Mr. Gordon exhibited a lively interest in not only things national but also of local matters when they were mentioned.

When the situation at Winnipeg was referred to, it was pointed out to him that we had a good sized military camp here (of which he was unaware) which was quite well equipped, and at the moment sparsely populated, and he quite favorably inclined to its use as a temporary residence for some of Winnipeg's homeless. This is of course a matter which must be decided by the military.

Referring to the old G.T.P. (the Prince Rupert line) he said that proposed industrial development promised to bring new life to the northern port and other towns along the line.

He stated that he had visited the Redwater oil field and was very pleased with the energy being shown in its development. The delegation only wished they could have shown Mr. Gordon some lively local developments in this line ... but indicated that hope had not died yet, and that at some future time this area might be supplying the C.N.R. with fuel.

The ten minute stop, largely used in meeting staff members, was soon at an end, and the train rolled off on its hurried journey, with Mr. Gordon nearly breaking a leg as he boarded, and thinking with some apprehension of a stack of mail that would probably be awaiting him when he arrived in Saskatoon.

## MUST WE HAVE A NOTE BOOK?

Mildly chided for not having a notebook in his hands recording words of wisdom when we talked with Mr. Gordon, we were interested in reading the following editorial in the Camrose Canadian of last week, written by one of the deans of Alberta weekly newspapers. We quote "We have been amused any number of times by the news pictures of reporters running after celebrities during an interview with notebooks in hand. We have interviewed or talked with quite a few important personages over the years and have never found a notebook necessary. In the infrequent case of statistics, these are usually freely provided and the freedom of conversation is undoubtedly restricted by the sight of notebooks and pencils. Anyway if the person interviewed does not say something worth remembering, the less reported from an interview the better for the reading public. The same can hold for a public address as far as we are concerned."

## RESPONSE TO FLOOD RELIEF APPEAL IS GRATIFYING

The response that has been accorded the drive for funds to relieve the condition of Winnipeg flood victims has indeed been cheering. Speaking of Wainwright alone, the Stagettes collected something like \$500 on Saturday with their tag day, the ladies of a number of organizations have been busy making and collecting articles of clothing and bedclothing, and the Red Cross has made a substantial collection of goods of various sorts, a play staged Sunday evening in the Elgie Theatre added another \$101 to the funds. A dance at the Bowling Alley on Thursday will also add substantially to the sum which is being sent from this district, and there is no doubt that other affairs will be staged as time goes on.

And Winnipeg will not be the only benefactor ... for there are few things that help community life and association more than to have people working together for a common cause. It's stimulating and we might almost say thrilling! It sees people co-operating in a manner which cannot fail to assist in dissolving at least a measure of the undesirable human characteristics which divide up a community into a bunch of oftentimes rather suspicious cliques.

It's too bad that it takes a calamity to do it thought!

## A CONSERVATION ACT FOR CANADA

In an address which was an outstanding event of the season for the Calgary Canadian Club, Dr. O. M. McConkey, Professor of Field Husbandry at the O.A.C., called last week for the passage by Parliament of a national Conservation Act, whose provisions would be given practical effect in co-operation with all of the ten Provinces.

Dr. McConkey gives just praise to the work which is being done under the Prairie Farm Rehabilitation Act, and to the long-term program which is being carried out by the Eastern Rockies Conservation Board. But his ambition extended beyond even these.

In North America, he said, we have already exploited our forests, our soils, all our great natural resources, more than in generally realized. "The exploitation of our resources has been savage and rapid — perhaps unequalled in human history has been the speed of destruction of our forests natural range lands, and soils over the North American continent.

"Fortunately, conservation measures are now being taken, initiated by a few far-seeing scientists who started stations in the early 1920's — stimulated by the destruction in the 'Dust Bowls' of the West in dry 1930's and the floods and soil erosion in the East.

"We are making a good start. We must be alert and observe what is happening to the soils and forests in our neighborhood, and take community action. Many of us are still not aware of what is happening to our soils and forests right at our door. We can derive many lessons from the appalling effects of the misuse of land and forests in China."

—Western Farm Leader.

## THAT GUY'S AROUND AGAIN!

## Joe Rutledge Says

By Joseph Lister Rutledge

### Hidden Taxes

Hidden taxes have become a part of almost every activity of our lives. They are a part of every commodity we buy, part of every service we demand. Because of that, because they are so general, it has been easy to assume that they were merely part of the price. From that erroneous belief arises the feeling that the producer of the goods or the deliverer of the service is charging exorbitantly. As a result we tend to delude ourselves that the benefits we are always demanding are provided free and that but for the machinations of these profiteers, we would be very well off indeed.

The fact is we get nothing free. And these hidden taxes serve a useful purpose. They spread the charges for the benefits we demand over the whole community and so apportion to persons not subject to other forms of taxation, their fair share of the cost of the benefits they demand. But there is a danger in this form of taxation. It is easy to impose and hard to recognize. So the blame for the increase in commodity prices is not borne by the government that imposes them. It is borne by the industry or citizen who must collect the tax. The danger in this is that it tends to make governments somewhat reckless in the way they spend the money so secured. They are ready to promise the people benefits that are supposedly free, because they are confident that someone else will be held responsible for the charges involved.

In voting down a proposal for legislation against Communism last week, the House of Commons plainly took the view that Canada's democratic way of life would not be served by banning parties or people.

The strength of this view was revealed not only in the speeches of Liberal, C.C.F. and Social Credit members but also in the fact that the author of the proposal — Progressive Conservative leader George Drew — did not move to ban any particular political party.

All Mr. Drew asked for was "appropriate legislation" to make "Communist and other activities" a criminal offence. He did not mention party names.

Most members of the House took the position that existing laws are adequate to protect the state; if properly enforced, and Justice Minister Garson held that what Mr. Drew sought was already in the law — in the Official Secrets Act, in sections of the Criminal Code on unlawful assembly, treason, sedition and seditious conspiracy.

In the opinion of Prime Minister St. Laurent it is not a crime to hold opinions, and the best way to combat Communism is to make democracy work for the benefit of all people.

C.C.F. spokesmen urged that laws should not be made to ban ideas, and, for the Social Credit party, leader Solon Lou added the recommendation that discontent among the jobless should be met by reducing unemployment.

Many observers agreed that Mr. Drew had at least provided an instructive and worth-while debate which showed in effect that Canada's representatives are against passing laws that could ultimately be dangerous to liberty.

Margarine Tax Debate  
A protracted and sometimes heated debate on margarine ended in the Senate last Thursday. The chamber voted 38 to 14 to defeat a motion seeking removal of the eight-per-cent sales tax on the butter substitutes.

Party lines were ignored in the first formal division of the session. The farm element combined almost to a man to defeat the motion of Senator W. D. Euler (Ontario) to eliminate the three-cent-a-pound tax on margarine.

An exception was Senator T. A. Cramer (I-Manitoba), one time farmer and representative of western grain growers, who supported elimination of (Continued on page seven)

## Sports Camera

It's a natural reaction for a baseball fan to feel disappointed when a batter strikes out during a crucial part of a game. He may even deride the player for failing to hit safely. But actually the batter doesn't deserve it. For the odds are all against him getting that hit.

Even in big-league ball any player who hits more than three times in 10 trips to the plate is considered a heavy hitter. If he strikes out a few of the other seven times it's small wonder, for the pitcher has a great advantage over him.

The reason for this is that the hurler has a large stock of pitches. It would be impossible to make an accurate count—various pitchers have developed special throws of their own—but somewhere between 25 and 30 would be a good guess as to the number of ways of serving the ball up to the batter.

Basically, most pitchers have the same stock—curve, slider, knuckleball, fastball, bloop, sinker, and so on. But each of these pitches has variations of its own.

It wouldn't be too difficult for a batter to get used to these if the pitcher didn't have something else—perhaps the most important— to work with. And that is the change of pace. Each of these pitches can be thrown at varying speeds to confuse any batter who expects to catch the regular throw.

Matter of Timing  
The hurler might, for example, pour fastballs past the batter for awhile. But the batter soon will time the speed and start banging away.

But if the pitcher changes the pace—or speed—if he throws the batter will remain confused in his timing. This applies not only to a fastball but to all the others as well.

To get back to the variety in ways of throwing any certain pitch, let's take the curveball as an example. It too, depends a great deal on change of pace. And that change of pace may be applied to fast, curve and slow curves, sharp curves and little curves, drop-away curves and curves that cut the corner, overhead curves and sidearm curves. The batter has to judge these to hit successfully.

The knuckleball, it's said, is just about the most confusing of all pitches. Not even the pitcher or catcher can tell what will happen when the ball reaches the plate. It may break either to the right or left or it may drop or rise. Its action is said to depend on air currents around the plate.

However, the odds against a batter aren't as black as they might appear, for few pitchers have mastered all the various forms of pitching. The veterans, naturally, are the trickiest because of their experience. Some veterans depend solely on change and control twirling after having lost the dip in their fastball, leaving the speed to the youngsters.

### FOR MEN ALSO

Many men, under the impression that cancer is primarily a woman's disease, fail to check with a doctor when they discover symptoms that might be associated with cancer. Danger of the stomach is twice as common in males as in females; 89 to 90% of all cases of cancer of the mouth occur in males and most cancers of the lip are found in men. It may be a dangerous mistake for men to ignore cancer symptoms.

The experts estimate Canada's coast line at 14,859 miles.

## C-I-L PAINTS

for lasting beauty and protection

Your paint dollars go farther when you use C-I-L PAINTS. They cover better, look better, last longer, the cheaper paint ... actually cost less in the long run.

That's why so many painters recommend C-I-L PAINTS ... why so many home-owners on them to save paint dollars. Your choice of 23 enduring colours, also black and white.

For outside trim C-I-L TRIM and TRELLIS

Specifically made for doors, windows and other outside trim. Dries quickly, holds colour and gloss much longer than ordinary side paints. 6 colours and black.

## Dirt Greatest Menace To Tractor Life

Air cleaning maintenance is one of the most important steps in your daily tractor maintenance procedure. This is especially true during the spring tillage period, when abrasive dust is almost invariably in the air drawn in by the tractor.

C. A. Cheshire, Extension Agricultural Engineer, Alberta Department of Agriculture, points out that the air cleaner must remove all this dust if damage to the engine is to be avoided. To do this, the manufacturer's directions must be followed to the letter. These generally include the following steps which should be performed daily. Examine the oil in the air cleaner, and check carefully for sediment in the bowl. Where sediment or discoloration is observed, clean the bowl and fill to the proper level with clean oil of the grade used in the crank case. Examine the air tube and thoroughly clean off any accumulation of dirt that has collected on the sides. Keep the oil level up to the recommended mark. At least once a week inspect the air cleaner hose connections, service the breather cap, and check the lower portion of the oil condensing unit. Where dirt or sediment is found remove it by washing in kerosene. "Remember," warns Mr. Cheshire, "that the greatest menace to your tractor is dirt in the air supply. You can ensure longer engine life by simple but careful checks on the air cleaning apparatus."

At least once a week inspect the air cleaner hose connections, service the breather cap, and check the lower portion of the oil condensing unit. Where dirt or sediment is found remove it by washing in kerosene.

"Remember," warns Mr. Cheshire, "that the greatest menace to your tractor is dirt in the air supply. You can ensure longer engine life by simple but careful checks on the air cleaning apparatus."

## WITH THE DISTRICT AGRICULTURIST

By J. S. ROBBLEE

### Bang's Free Areas

In other columns of this paper, much space is being given to discussion of Bang's disease control and the setup of a Bang's free area in the Municipal District of Wainwright. The benefits to be derived from such an area are unlimited. Not only do we cut down of calf losses but we protect the health of every citizen in the district. The Municipal Council is to be congratulated on passing the necessary resolution through council and setting up the machinery to have petition forms circulated through the Municipal District. It is hoped that every farmer contacted in this campaign will sign in favor of a Bang's Free Area.

### RAIN

Last week I had an opportunity to see sprinkler irrigation carried on in the Consort District. Farmers in this district are making another big step in the way of a sure supply of feed for their livestock.

Source of water was the numerous sloughs in the district and irrigation systems that sprang up to an acre and a half at one setting were in use. Extensions on dams and dugouts are being planned for a sure water supply and future farm operations in the district will include irrigation.

### GOOD FARMING PAYS

During tillage operations, make sure that you leave as much trash as possible on the surface. There has been too much soil drifting during the past few weeks—drifting that could have been largely prevented if correct tillage practices had been used.

With the recent high winds, good cropping and tillage practices are proving their worth. Fields left smooth and bare have blown badly while just a few feet away fields in which the trash was left on the surface have met the storm practically undisturbed.

The solution is to grow forage crops to add fibre to the soil, and to use tillage implements that will not bury the trash. Don't leave the surface exposed, and amended in 1949. Under the general operations rather than a plow or a disc, and keep the seed down to prevent pulverization of the soil.

### NEWS NOTES

from your  
Dist. Home Economist

Shella M. Forrest, Ryley

### Home Planning Booklets Available

Two new bulletins will be available to you sometime within the year. So we will have some idea of the number who will be interested in these bulletins we would appreciate having your requests now. The bulletins are not yet printed and one is still in the process of preparation but if you will have some good use for them later and would like to be sure of getting your copy send your requests in now.

The first one which will be available, perhaps in the fall is on Storage Systems and is a booklet prepared by the Prairie Rural Housing Committee who also prepared the booklet on 10 farm house plans. Some of you have used some of those plans.

The second bulletin which is still being prepared is on Kitchen Plans as a whole and deals with storage prob-

lems, working heights, utility rooms and many other useful ideas. Also individual work centres, type of drawers, shelves, etc., cleaning closets, outdoor clothing storage, need of utility room, etc. If you plan to build or remodel sometime next year you may be interested in that bulletin.

I have a few copies in the office of the Prairie Rural Housing bulletin. It deals with fuels you may use with comparative costs, and the warm air, hot water and other types of furnaces as well as the use of your kitchen range.

All bulletins are available free. The last one I can supply now. The others will be sent as soon as they are available.

### Proper Tillage Is Essential

The 1950 program of the Alberta Department of Agriculture's tillage field days and competitions has now been completed. Starting on May 12th in the Medicine Hat area, these demonstrations will be held at various centres throughout the province during May and June. The field days will provide a display of tillage equipment in common use in the area. Principles of correct hitching and adjustment will be shown together with improvements that can be obtained by correct use of the implements.

In districts where tillage competitions have been arranged, the ability and skill of those entering the contests will be in evidence in addition to the benefits derived from demonstration. C. A. Cheshire, Extension Agricultural Engineer for the Alberta Department of Agriculture, advises that in the course of all tillage competitions this year, spectators will be allowed on the field during operation of the machines so that all ages of tillage from the advice and remarks of the experts present.

Correct tillage is essential to sound farming practice. Every farmer in Alberta should try to attend one of these events during the course of the next two months. Full information about the time and place of tillage machinery field days and competitions in your area, can be obtained from your District Agriculturalist. Make enquiries now.

Fresh water in Canada covers 238,397 square miles of the country's 2,690,410 square-mile area.

## Time Out FOR Laughs

Two Scotsmen in a pub tossed up to decide who should pay for the drinks. One called "Heads!" It came down heads. Then the other called out "Fire!" and escaped in the rush for the door.

Job had patience, but we bet he never tried to eat out of a paper plate with a cardboard fork.

Another thing about breathing through the nose — is that it helps to keep your mouth shut.

Man in swimming: "Are you sure there are no crocodiles about here?" Man on shore: "Yes, sah, de sharks dose scare 'em away."

Mr. and Mrs. Gordon Jackson, Audrey Fern and Sandra, also Mickey Buchanan motored to Kitchissippi on Sunday.

Mr. and Mrs. Trutman and Mrs. and Mrs. Poff and son Gregory motored from Edmonton last week-end, and visited with Mr. and Mrs. R. Hiest.

Mr. Ken Guleson of Hanna, also Mr. and Mrs. Arneson were visitors to the Guleson home over the week-end.

Mr. and Mrs. Perkins of Vancouver were visitors to Glen Valhalla on Sunday.

Tommy and Albert Rodgers were Sunday visitors to Bob Haywoods.

## FABYAN

Mrs. J. Barrett Sr. left on Friday for Vancouver and Chilliwack to spend the summer months.

Mr. and Mrs. Howard Johnson have a new son, born in the Wainwright hospital on Saturday, May 20th. Congratulations.

Mrs. C. M. Steele has a very different hen, in her chicken flock. On opening an egg she found another egg complete with hard shell.

Kathleen Laycock enjoyed her 14th birthday on Sunday May 21st. Eighteen friends and relatives sat down to a lovely birthday supper, and a good time was enjoyed by all.

Wedding bells will be ringing on the 27th of July for certain young man in the Paschenale district and a big dance at Edgerton in the evening. She promises not to tell and I'll tell you who—(Ben Tindall).

Quite a crowd supported the soft ball game held at Fabyan on Sunday afternoon between Wainwright and Paschenale.

Mr. and Mrs. Seth Oldham and family were Sunday visitors at the Wrights.

Fabyan school children attended the track meet held in Wainwright on Tuesday, May 23rd.

Melvin Masala is a patient in the Wainwright Hospital.

Mrs. M. McCaigley didn't get home on Friday of last week as expected, but if all goes well will be home the first part of this week.

Arthur McCaigley is spending a few days at Edgerton with his grandparents.

On Friday, May 26th, the Fabyan school are planning a Social Studies trip to Edmonton.

CHAS. WILBRAHAM,  
Secretary-Treasurer.

# GREENSHIELDS

Mrs. Arnold Harden visiting Mr. and Mrs. I. Roush for a couple of days before her departure for Calgary, where they will make their new home.

Miss Audrey Patterson is visiting her sister Evelyn at Kamloops, B.C. Thursday afternoon fourteen members of Greenshields Ladies Aid gathered at the hall and tied two nice quilts

which were turned in for Winnipeg Flood relief.

Mrs. Rutledge and baby daughter "Justin Ann" returned home from hospital Saturday.

Welcome showers fell in this district Sunday and Monday. A promise of more to come we hope.

Mr. and Mrs. Chas. Stewart and Owen made a hurried trip to Edmonton Friday.

# NEWS & VIEWS OF TOWN AND DISTRICT

**BORN**—To Mr. and Mrs. R. Nordstrom of Wainwright, in the Wainwright Municipal Hospital on May 19th, a boy.

The Hospital Auxiliary who were to have a Tag Day this coming Saturday has decided to postpone it until sometime in June due to the fact the Sagettes held one on May 19th.

Mr. and Mrs. McFar of Edmonton arrived last night to visit their daughter, Mrs. W. C. Taylor.

Mrs. Oliver Griffiths spent last night in Edmonton, arriving home Monday night.

Mr. and Mrs. C. C. Riddle and Florence returned Sunday evening after spending a few days at Carstairs attending a family reunion.

Guy Tery, local machine dealer, has developed his farming hobby into a big operation. With four tractor outfits in the field he recently finished up a quarter section in one day.

Mrs. L. Pigeon and Walter spent a week's holiday in Lloydminster visiting friends.

Mr. Roy Hartling Jr. of Lloydminster was a visitor in town for the week-end.

Mr. Gordon Coffield spent a few days in Edmonton last week, returning home Saturday night.

Mrs. LeBlanc, Mrs. W. Johnson and Mrs. Austin Kinghorn got together last week and made three quilts and donated them to the Winnipeg Relief Fund.

Dr. J. D. Wallace is leaving this week end for Chicago where he will attend the convention of the International Aviation Medical Society. While in the States Dr. Wallace intends to spend a short time at the Mayo Clinic and the University of Minnesota on some post-graduate medical work.

Miss Joyce Lilly spent Friday visiting in Edmonton.

Mrs. Ole Johnston is staying at the

home of Mr. and Mrs. W. C. Taylor, as to be near her son who is in the hospital.

The Legion are to be congratulated on their recent contribution of \$30.00 toward the Winnipeg Flood Relief Fund. This sum was raised at a Saturday night bingo party.

The Legion wish to express their thanks to all who assisted in any way to make this effort a success.

Keen rivalry has developed between the new ball teams which have been organized by the C.N.R. employees.

We understand there are two teams in the local, one composed of the boys on the rip track and the other of boys from the shop and office.

The boys in the office were quite sure that last night's game was going to be another victory for them.

We thought we had better wait and see before giving a report.

Milton Anderson has been added to the local C.N.R. staff to fill for the boys while on vacation. Milton is at present acting as checker.

**Wanted—Three or Four Rooms, Fur-**

## WHITE CLOUD

Mr. Fred Martin of the Tollard district is helping Mr. Joe Tondra put his crop in as Joe's arm is still in the cast.

Mr. L. Tondra and Mr. Jones Myer rescued a cow of Mr. Tondra's out of a cold mud hole last week.

Mr. Frank Vego is helping his uncle Mr. L. Egri with his farm work again this spring.

Mrs. A. Derwicks spent a day visiting her sister Mrs. L. Tondra.

Mrs. L. Babb left on Saturday's train to attend the "Blue Print for Action" Health Institute being held in Edmonton May 22, 23 and 24.

Sincere congratulations are extended to Mr. and Mrs. W. Veltch who were married recently.

Mr. Raymond Swan who has been working at Redwater all winter spent a few days with his family last week.

A few practice games were played at the Gilles picnic grounds two Sundays ago with Hope Valley as best man by quite a few runs.

## GILT EDGE

Gilt Edge W.I. met at the home of Mrs. Ed. Plaxton the afternoon of Wednesday, May 17th. There were 13 members and one visitor present.

Mr. H. Casper has given Mr. H. Teet or a hand in putting in his crop last week.

Mr. and Mrs. Pete. Roady visited at the Morrison home at Greenshields on Thursday evening.

Mrs. L. Babb of the Gilt Edge W.I. and Mrs. R. M. McNern of the Rosewillow W.I. left on the train Saturday for Edmonton where they will attend the cancer school being held there this week.

Mr. Ed. Plaxton left Saturday for Lloydminster to attend the bull sale.

Mrs. H. Teet and son spent Sunday visiting her parents Mr. and Mrs. Fletcher of Plaxtonville.

Mr. and Mrs. Frank McClellan spent the week-end visiting in the district.

The ball games held at Gilt Edge on Sunday were: Gilt Edge played Elgo, the score being G.E. 25 and Elgo 4.

Then Gilt Edge played Gilles and the score being 25 for Gilt Edge and 4 for Gilles. Keep up the good work Gilt Edge.

shod or unfurnished. Apply J. Bullock at C.N.R. Depot or phone 21 after four o'clock.

H. S. Wams is relieving Lev. Barlow at the repeater station.

Low at the repeater station, while the Barlow family take their holidays.

Mr. and Mrs. Vic Davidson and Patty are expected home for their holidays this week-end. Vic is now stationed at Portage La Prairie.

Mrs. W. H. Davidson, of Vancouver, accompanied by Master Grant Ald of Edmonton spent the week-end with her son, Mr. J. Davidson and family.

Local aspirants to thespian fame, and quite a few who are not in search of fame, are falling before the wiles of Miss Van Nieu as she lines up players (shall we say talent) for the forthcoming legion do "It's A Date".

The stars are practicing hard, and it looks as though the show will be quite a big thing. Specially arranged for amateurs and quick preparation there is no doubt that the program will be really interesting and worth seeing.

## GERALD

Mr. and Mrs. A. Rattray and children of Edmonton were week-end visitors at the home of Mr. and Mrs. D. Rattray on May 12th and 14th.

Mr. and Mrs. Fred Perkins, former residents of this district, arrived on Monday evening from Vancouver, and are staying at the home of Mr. and Mrs. J. Perkins. They plan to make Wainwright their home soon.

Mr. M. Stephenson accompanied by Mr. Edgar Campbell journeyed to Laverla last Sunday.

Mrs. A. Hamilton went to Irma on Tuesday to hear the convention of Miss Olive Spurling, organizer for youth groups.

Mrs. Lorne Mitchell of Wainwright drove her car to Irma. Accompanying her were Mrs. P. Patterson and Mrs. H. Symes.

The Gerald W.I. held their May meeting at the home of Mrs. W. Chynoweth in Wainwright. Ten members and two visitors were present. At Roll Call time each member gave a handkerchief to the lady on her left.

Mr. M. Stephenson presented for donations of clothing for overseas relief, these were now diverted to the Red Cross for Manitoba Flood relief.

Fifteen dollars was also voted as a donation to Manitoba sufferers.

Mrs. A. LaFrance presided at this meeting. The daily lunch served by Mrs. Chynoweth at the end of the meet

# IT'S A DATE" COMING TO WAINWRIGHT

Continued from Front Page  
stage. She will be interviewed and a guest of honor will be presented with an accolade.  
The show is built for laughs and is well balanced for variety. It is a brand new idea in local production for those who make up the cast not only impersonate real and mythical characters well known to all, but it still includes the audience in its hilarious numbers as it asks them to take part in several numbers.

Outstanding in this audience participation part of the show is the impersonation of the "Take It Or Leave It" radio program, where Eddie Cantor acting as master of ceremonies gives prizes in the audience who come up on to the stage a chance to win valuable prizes. Just as the original network program has a blackboard with various categories of questions listed, so too does the scene in "It's a Date" list a number of subjects from which the contestants make a choice in order to compete for prizes.

Specially costumed choruses featuring high school girls give a colorful and tuneful note to the show. They are shown as "Switchboard Girls" who listen in on the conversation of the love sick couple. They appear as the "Sweetheart Chorus" in the month of February where they do a routine which features special "spectacular lighting effects. Again they are featured in the "Mayday Number" where a dance around the Maypole is not only colorful but a production number which comes to a climax as they crown the leading lady, GINGER, MAY QUEEN. Dressed in vacation togs and play clothes they show how much fun it is to get out and get under the sun in a fast moving number called "Vacation Time."

Perhaps the most appealing of all the scenes is the smashing climax, "The Show Boat Minstrel" scene where the old time minstrel in all its glory comes to life as the circle of Black Face Comedians tell jokes, sing songs and go their stunts in authentic minstrel fashion. Special costumes of plastic for the end men and the male ensemble make the minstrel circle a riot of color and give the scene a professional appeal.

The Canadian Legion, sponsoring the entertainment says, "It's a Date" is a must on your entertainment calendar and they urge everyone to make a date and save a date for May 31st and June 1st which are the nights upon which the production will be staged.

The advance sale indicates there will be packed houses for both performances and advance tickets are on sale by members of the sponsoring organization, members of the cast or they may be purchased at the 50 to \$5.00. Store.

## Town Topics

Some time ago in one of our columns we discussed some of the traffic problems that arise in our town due to the increasing numbers of bicycles which have appeared on the streets. Since that time the bicycle population seems to have doubled again and only Lady Luck seems to have prevented some very drastic accidents.

You may have read during the past week where two boys in the Edmonton area were killed when their bicycles were struck by trucks. One of the victims was just learning to ride, his bicycle—the other was a C.N. Telegraph boy and we presume an experienced rider. The first one just weaved into dual wheels of a truck while the other was struck down. In both instances the grieving families are probably wondering why this awful thing happened to them, and the truck drivers concerned will probably never forget the accidents even though they were apparently not to blame.

The fact remains that most kids on bicycles just don't seem to realize that as far as the law is concerned they are considered as vehicles and must obey the rules of the road. We are not permitted to drive our cars three abreast down the road or to weave from side to side all over the road and we would certainly end up in the cooler if we drove our cars down the sidewalks. And yet kids on bicycles do all these things, not only endangering themselves but also making things tough for other children, pedestrians and for motorists who have to dodge them. The time seems to have arrived for some action in this matter. Number one would seem to be a town license for all bicycles which could be revoked for traffic offenses. Then a little police action for riding on sidewalks, riding at night without lights, ignoring traffic regulations and general damfoolishness on bicycles. A few licenses revoked or a few bicycles seized would probably do a lot.

Parents could do a lot by being sure their pride and joy knows his responsibilities as far as traffic is concerned, and that he is a safe person to have a bicycle. They would also be doing them selves a favor by being sure that Junior can ride a bike before he ventures on the public roads. Because sure as fate some unfortunate parents will be mourning a departed offspring if the present slap-happy situation continues.

The schools could co-operate by giving some instruction there because it is when school lets out that the real stampede of two-wheelers is seen and it takes a good broken field runner to get his car through the miles without loss of life or limb.

So lets prevent that unnecessary accident that is bound to come, and all put on a little bit of pressure to relieve the situation. We don't expect all cyclists to be angels, and those side-walks look awfully tempting compared with our Wainwright streets. But when we read about what can happen it's for sure that it would be worth the effort in the long run.

Three in one family was the proud boast of Mr. and Mrs. L. W. Smith of Wainwright, in Edmonton for University of Alberta convocation Tuesday. Above are the three graduands, sons and daughter of Mr. and Mrs. Smith; Mr. J. A. L. Smith, engineering, Miss Audrey Smith, household economics, and Dr. H. G. Smith, medicine.

—Courtesy Edmonton Journal

clists to be angels, and those side-walks look awfully tempting compared with our Wainwright streets. But when we read about what can happen it's for sure that it would be worth the effort in the long run.

## ED. PATTERSON SUFFERS HEAVY LOSS IN FIRE

Mr. Ed. Patterson suffered heavy property loss last Friday about midnight when fire destroyed their garage which contained a tractor, truck and load of seed wheat, light plant, a huge wood pile and quantity of tools, etc. Fast phone calls roused most of the neighbors and the Wainwright Fire Truck also responded and kept the blaze from spreading. When Mrs. Patterson awoke with the noise of the fire, it was too late to save much. A short circuit in the light plant is believed to have been the cause of the fire.

## Library Association To Send Delegates

At the Library meeting held on Monday night arrangements were made to send two delegates, Mrs. J. MacKenzie and Mrs. W. C. Taylor, to the School for Librarians to be held at the University May 28, 31 and June 1. A bulletin board will be installed and "Library Notes" from the Star-Chronicle will be posted each week. Plans were made to open the library for the benefit of country readers from 7:30 to 9:00 p.m. Saturday nights during June. This is in the nature of an experiment and if it is found that it gives service the plan will be extended through July and August. A letter of thanks was sent to Mr. C. Cromie for providing a modern display rack for children's books.

According to a government conducted survey, 1,644,000 Canadian households cook with wood or coal, \$25,000 worth gas, and \$25,000 with electricity.

## Y.P. Group Organizer Speaks At Irma

Miss Olive Spaulding B.R.E. M.A., organizer for young people's groups in Canada, is an entertaining and forceful speaker, and the women of the United Church who travelled to Irma last Tuesday afternoon to hear her, were encouraged and stimulated by the message she gave.

She spoke briefly on the history and growth of the United Church, and also made a plea for continued help for overseas relief. The need there never ends. "Most of the world's population are on the point of starvation. Millions never know what it is to be well fed. Donations to overseas relief are a practical way of demonstrating the love of God," she said.

She emphasized the need for greater help from older women to younger girls in the church. They should help C.O.I.T. girls to get to camp. Getting to Camp is the highlight of many a girl's life. But there are never enough leaders. It is hard to be a leader. You at Irma.

## BABY SHOW WILL BE HELD WITH LEGION SHOW

A Tiny Tot Popularity contest for youngsters between the ages of one and six years old will be held in conjunction with the production "It's a Date" which is being sponsored by the Legion Auxiliary and which will be presented on May 31st and June 1st at the P.M.C. Arena.

It is One Cent a vote and who will be the winners—for there will be a prize for the little boy with the largest number of votes, and also a prize for the little girl who tallies the most—the question of who the winner will be is the thing that has the whole town talking.

The contestants who are taking part in this clever contest have their pictures in the Co-op Store window and each one has a vote jar in a leading merchant's store where they are being sponsored. Standing of this contest are posted daily in the Co-op window and the contest is off to a flying start and interest is mounting daily as the position of the contestants changes with the amount of votes received.

There are prizes and honors and fun connected with this clever contest. Everyone can take part. The winners will be presented on the nights of the show. There is a special Kiddie's Scene in the production called a "Visit To Santa Claus Land". During the number many children take part in a Lolly Pop Party on Christmas Eve. Not only the contestants in the Tiny Tot Contest will appear in this scene, but youngsters from the first four grades playing games and chant. Christmas Carols as they visit with Santa Claus.

have to put something into it. Then she seriously said, "These are difficult days when Christians are being tested. People of other religions are weighing in. This is our opportunity. Let us strive for 'One World'."

Following her talk she led a discussion period, and answered question in a complete and thorough manner. This meeting had been arranged by the Irma Auxiliary of the Woman's Missionary Society. Church women from Edgerton, Irma, Wainwright, Viking and Kinross attended. Mrs. R. L. Simmerman, President of Irma Auxiliary opened the meeting and welcomed the visitors. Mrs. J. A. Hamilton, Wainwright, gave the devotional service speaking on the text, "Ye shall receive power."

The Irma ladies had prepared a beautiful banquet in the basement of the church and all present, including some of Irma C.G.I.T., enjoyed the repast. Much credit is deserved by Irma auxiliary for having given so much to so many. After supper a large number took time out to inspect the new school leaders. It is hard to be a leader. You at Irma.

Mrs. Santa Claus and their son, Santa Claus, Jr.

Those taking part in the tiny tot contest will be introduced the first night and the winners will be crowned King and Queen of Toyland in a special ceremony on the second night.

The contest closes at 8:00 p.m. on June 1st. Watch the results as they are posted each day.  
For information about entering your child in this Tiny Tot Popularity Contest contact Mrs. Eddie Walker, telephone 278.

## Grace United Church Evening Group W.A.

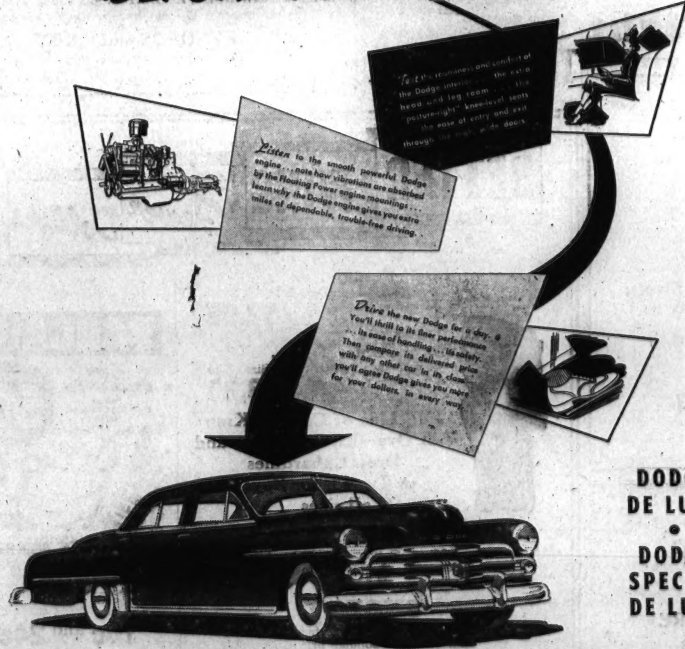

The evening group of United Church W.A. held their May meeting at the home of Mrs. Phil May. There were 18 members and eight visitors present. The meeting was opened with prayer, a devotional given by Mrs. L. D'Albertainson, Mrs. S. Simonsen gave the treasurer's report in the absence of Mrs. C. Davis. The secretary, Mrs. Phil May, was asked to write special letters of thanks to Mr. C. Cromie and Mr. L. D'Albertainson for the hours of work they put in to help prepare for the sale and for their unfailing willingness to help out in any way possible. A letter from the Edmonton Presbytery W.A. was read. It suggested that the meeting at Irma was read and many significant their intention to attend if possible. Each member and visitor was called on to answer the roll call by reading a short inspirational poem or article. The Dominion Women's Association Council voted to ask the group to affiliate. This letter was filed. The members reported 131 hospital and seven home calls during the month. After the meeting Mrs. Telford led the group in community singing. Mrs. Lou Tury gave a contact which was won by Mrs. Holt. In behalf of the group, Mrs. J. Chynoweth presented Mrs. Harden with a farewell present asking her not to forget her old friends when she went to her new home. A delicious lunch was served by Mrs. May, Mrs. Telford, Mrs. Lou Tury, Miss Ruth May and Mrs. W. C. Taylor. The next meeting will be held at the home of Mrs. C. Granlike on June 6.

St. Thomas Dramatic Society staged their two one-act plays, "Grand Chum's Diamond" and "Rory Afore and" in the Elite Theatre on Sunday evening, starting at 8:15. For the purpose of raising funds for Winnipeg Flood Relief, Miss Rose Bloom assisted on the piano and Mrs. F. Sheffield favored with a solo.

## Plays Raise \$101 For Winnipeg Relief

St. Thomas Dramatic Society staged their two one-act plays, "Grand Chum's Diamond" and "Rory Afore and" in the Elite Theatre on Sunday evening, starting at 8:15. For the purpose of raising funds for Winnipeg Flood Relief, Miss Rose Bloom assisted on the piano and Mrs. F. Sheffield favored with a solo.

by the L.O.R.A. Gents 75c, Ladies 25c. Lunch served.

St. Thomas' W.A. will hold a white elephant sale in the L.O.R.A. Hall on Saturday, June 10th from 1:15 till 5:00 p.m. (890c)

The Rose Willow W.L. will hold a sale of home cooking at the Co-op Store on Saturday, June 10th. Sale begins at 2:30. (8p)

Battle River Local F.U.A. will hold their Annual Picnic on Wednesday, June 11st at Passchendaele Grounds. (8p)

The Royal Purple are sponsoring a Home Cooking Sale at the Co-op Store on Saturday, May 27th from 2:30 to 5:00 p.m. (8)

The hamper that was to be raffled on May 24th by the Wainwright Women's Institute has been postponed to June 21st.

### UNWANTED HAIR

Permanently eradicated from any part of the body with Saco-Polo, the remarkable discovery of the age. Saco-Polo contains no drugs or chemicals and will kill the hair root. LOR-BEER LABORATORIES 679 GRANVILLE ST. VANCOUVER, B.C. (6-2p)

### Announcement

The C.N.R.A. of Wainwright have formed two senior softball teams and are willing to arrange games with any

interested district teams.

Ball clubs interested may make arrangements for games by contacting W. L. Harter, Phone 62. If possible a league would like to be arranged.

### FIRST LEAGUE GAME

Continued from Front Page Just north and west of the Arena, and they have received some help from the town and municipal grades—from Reynolds's Garage in hauling supplies—from O. Crestani, Gordon Carl, Jim Zalko, Jim Simpson to name a few—with Buckley and Smith, erecting the poles for the backstop. George Reynolds is basing the team organization while Ken Stewart is team manager. Both have put in many hours of work in building up the local Buffalo team. The Wainwright and District Chamber

of Commerce and Agriculture has provided new uniforms and equipment. Mention should also be made of the co-operation of the Military Camp and the Buffalo Oil Co. in having players around. With some benches and more protective fencing around the diamond and a fence around the playing field to enforce the admission charge, the baseball set-up will be pretty well organized for this season.

Plans are underway to have two softball diamonds set up in the Peace Memorial Centre so every night will be sportlight in the local sports area. You can help by your donations to the Buffalo Ball Club or to the Peace Memorial Centre Society to improve the sports facilities.

The East End League has Harold Burton, Ribbons as President, Bob Mc Kay, Edgerton Secretary with League Representatives Bill Spence, Chauvin; Jerry Lethelmer, Butts; and Geo. Reynolds, Wainwright. The schedule being drawn up calls for a home and home series with each team playing every other team. Games are booked for Monday and Friday evenings.

Rumour has it that the local Buffalo will merge with the classy Irma Baseball Club for exhibition and tournament games if this idea meets local baseball fans can expect good lively entertainment this summer. Players

like Bill Inklin of Commandos, goal-keeping retdn. Kirkman and Keston of Irma are well known in area tournament ball teams where they've picked off a lot of prize money. So to the fans

—let's play ball with the ball players. The Irma Oil Company have a softball team that hasn't been beaten yet so they are hankerin' after some opposition, podner. Any takers?

## Municipal District of Wainwright, No. 61 Public Notice

The Council of the Municipal District of Wainwright No. 61 request parties to discontinue the dumping of refuse, garbage, etc., on the Road Allowances and in the ditches of roadways. This practice is not only contrary to the Public Health Regulations Act but an infraction of the laws of the Municipal District and guilty parties may be penalized for such an offence.

## EDGERTON SCHOOL SPORTS: FRIDAY, MAY 26

### TEACHERS' INSTITUTE MEET HERE

A Teachers' Institute was held in Edgerton School on Tuesday, May 16. This was the first of several such teacher gatherings to be held in the

Wainwright School Division. This institute was attended by Supt. E. D. Simpson, Sec.-Treas. Mr. Griffiths, Mr. J. Woloshyn, Mr. E. Touchette, Mr. B. Wilkinson, Mr. E. Carter, Mr. J. Dewar, Mrs. B. McLean, Mrs. H. Reish, Mrs. Anna Greibrok, and Mr. C. Walsh.

The meeting was called to order by Mr. P. Touchette, President of Edgerton Sub-Local, A.T.A.; Mr. J. Woloshyn acted as secretary. Mr. Simpson started the discussion rolling by announcing that: 1) there was to be Scholarship Examinations for Grade 8 in rural schools on June 10, 1950, at the divisional office; 2) there are four scholarships for Grade 9 pupils in the town schools of Chauvin, Edgerton, Wainwright and Irma. These scholarships will be awarded to pupils obtaining the highest standing in the June Departmental Examinations.

Then followed a lengthy and profitable discussion on libraries. All teachers expressed satisfaction with the choice of books on the library shelf at the divisional library at Wainwright and it was suggested that perhaps more copies of those books in great demand by various schools could be obtained. As regarding the science and health books, Mr. Simpson and Mr. Griffiths promised to obtain more copies of those books more widely used.

The problem how to fit reading into any enterprise was brought up. Various viewpoints were put forward and discussed. Much benefit was derived from the free interchange of opinion. How best to use the sports equipment and how much of it should any school be entitled to was another topic that was aired. It was felt that, due to a diversity of conditions in various schools, the teacher should be the one most qualified to judge as to the amount of such items as softballs, bats etc., are needed. The teachers were urged to exercise care in looking after this equipment.

Such further questions as supply of fresh water in schools, sweeping and burning, availability of fire extinguishers, maps, window shades and paper towels were brought up and the recommendations passed on by Mr. Griffiths to the teachers present.

The Teachers' Institute was so well liked by the teachers that not one but two are to be held in the course of a year. The suggested dates are the end of September and the middle of May. It was felt that much is to be gained in a free exchange of views and that different problems relating to an efficient conduct of school could be aired and helpful suggestions offered by both the teachers themselves and also by the Superintendent. It was discovered that the Superintendent could approach his teachers in an intimate and informal way, outline his requirements, and pass on valuable suggestions.

We want to remind all the teachers in the division that new certificates are coming out in the fall. To prevent delay, every teacher should make an application now to the Dept. of Education c/o Mr. Sullivan, for them. The meeting next took up the matter of the Track and Field meet at Edgerton on May 26, 1950. All parents and people in the district are urged to come to Edgerton to see their youngsters perform.

Anyone wishing to insert advertising of any kind in the Edgerton Enterprise or Star-Chronicle may leave it with Wm. Skene. No extra charge.

### EDGERTON UNITED CHURCH

Sunday, May 28th

Sunday School ..... 11:00 a.m.  
Mother's Day marks high in the year's calendar of great days. The service for "Mother's Day" held last Sunday morning in the United Church proved the truth of this statement. Every seat in the church was occupied. Allen Peet ably conducted the service, and the boys and girls deserve great praise for their part of the program.

Three of our dearest Grandmothers were presented beautiful bouquets of carnations, gifts from the Sunday School. The presentations were made by the grandchildren, John Spornitz to Grandma Spornitz, Betty Lee Neff to Grandma Elson, Carole Kimball to Grandma Jackson. During the presentations Sharon and Betty Lou sang "For you, Grandma Dear, For You" and this part of the program was very effective.

### LOCAL NOTES

Mr. F. Roberts, manager of the Edgerton branch of the Bank of Montreal has received notification of a move in the near future to Westlock.

Mr. G. Maguire, of Spadina, has arrived in Edgerton to take over the U.G.O. elevator.

Mrs. A. Sawyer went into hospital on Monday for a slight operation. Mr. A. Helanus is a hospital patient with an injured foot.

Mr. S. Groves was taken from Wainwright hospital to Edmonton at the week-end for his operation.

Mrs. McGillivray of Hayter, has been visiting her mother, Mrs. S. Groves. Mr. R. F. Harkness was a visitor to Vegreville and Sedgewick last week. Edgerton ball team were defeated at Wainwright on Sunday.

Mr. Montgomery was a city visitor last week.

Now that spring has arrived residents are asked to do what they can in helping to tidy up the village.

Mrs. J. Sawyer was a visitor to Wainwright this week.

Mr. and Mrs. A. Nilson were also visitors to Wainwright.

Mr. J. Sawyer has purchased a new half ton L.H.C. truck from Steele's Sales and Service.

Mr. Mel Fordy returned to Edmonton Monday after spending the week in Edgerton.

### Edgerton School Sports, Fri. May 26

Edgerton and District Schools will hold their sixteenth annual Track and Games Meet Friday, May 26th. Eight softball teams are entered and a full line of track events will be run off. Races start at 10:00 a.m. sharp. Ribbons will be given for winners in each race and crests to winners in each class. Come out and have a real day with your children.

### Announcement

Mr. W. C. Effert of the Canadian Sunday School Mission wishes to announce the opening of special evangelistic services under his supervision. Until further notice these will be held in the City Hall each Sunday evening at 7:30 p.m., beginning May 28. At present they will include congregational singing of hymns and choruses, a Bible story for the youngsters on the unique flannelgraph board, special instrumental and vocal numbers, and evangelistic preaching straight from the Bible, the Word of God. Other features are hoped to be added as the work progresses.

Mr. Effert wishes to make it clear that these meetings are in no way intended to be in competition with or in opposition to the existing church work in the community but rather are meant to be services at which everyone may feel free to attend to hear the message of God's Word. Everyone of every age is cordially invited and will be given the warmest of welcome. "Seek ye the Lord while He may be found, call ye upon Him while He is near" Isa. 55:6.

If there is any questions concerning this, you can call me at Alex Bowlin's, No. 55. Thank you very much.

form. They are assured of a most interesting and enjoyable time. Chests and beautifully printed ribbons are to be given as prizes. Booth and refreshments will be provided on the grounds.

A most delicious lunch was served by Mrs. B. McLean and Mrs. H. Reish.

A fine social time was had by all. Miss Jean Black, just out of the University of Alberta, was a welcome guest.

The president and secretary of the Edgerton Sub-Local, A.T.A. wish to thank everybody that helped to make this Teachers' Institute a success.

### LEGION NOTES

In the advertising columns of the Star-Chronicle you will notice all the particulars regarding the Free Week End of Entertainment given by the Legion Branch. Will you please check the times of shows and dance and be our guests on this week-end.

Your Secretary, has informed me that there will be a change in the date of the next monthly meeting and it will be held on the 22nd of June instead of June 13th. There are various good reasons for this change of date and I would like to urge you to keep June 22nd for your Legion meeting.

It has been a custom to have a showing of University of Alberta films each month. These have proved very popular in the past and I am sorry to say that their continuance will depend on the amount of financial backing the general public is willing to give. In a few pennies in the collection we can't hope to cover the cost of enjoying these films.

The expenses are not high but in order to keep going it is necessary to pay our bills for these films. There will be a showing of these films at an early date so let's get out and show our appreciation of the committee's efforts by attending, by donating a little to the collection and by suggesting ways and means of improving this community get together.

### Hope Valley F.U.A.

Our meeting was held in Gilles School on May 18th. We had present representatives from Paradise Valley F.U.A. for the purpose of making joint arrangements for the celebration of Farmer's Day. Mr. Walter Pugh and Mr. Alfred Pugh volunteered to attend Paradise Valley next meeting on May 24th to complete these arrangements.

A letter on Farm Marketing was read and tabled for further discussion at some later date.

Our secretary was instructed to write to head office and urge the resolution as follows: Resolved that the Executive of the F.U.A. circulate a petition at once to all farmers in the province asking the Federal Government to make a payment of at least 25¢ per bush for wheat sold under the 5-year pool.

The next meeting will be held on June 5th.

### ROSEDALE

Congratulations to the nine neighbors of Mr. Edgar Avison's who met at his farm last week with tractors and various implements and put in the crop for him. Mr. Avison felt well enough to go outside and have his picture taken with the men.

Mrs. Frank Tyler and baby son Raymond Lyle, returned home from the Wainwright Hospital last Tuesday. Miss Louise Redmond who is spending a short holiday at her home has as her guests, Miss Marjorie McGart of Edmonton and Miss Sheila Gwartney of Grande Prairie.

The brook trout, according to angling experts, is not a trout at all but, rather a charr, due to the bone structure of its mouth.

### You And Your Family Allowances

A Home and School meeting of interest to all who have families, large or small, will be held on May 31st at 8 o'clock in the high school. When two members from the staff of the Department of National Health and Welfare, will show films and give a talk on the subject of "Family Allowances".

This promises to be an entertaining evening, as there are three films, two devoted to the "Family Allowance" and one of general interest, called "River of Canada".

A question period will follow, so why not bring along your problems.

Most of the area of Canada drains into Hudson Bay and the Arctic Ocean.

### Friends Gather And Put In Crop At Farm Of Edgar Avison

Friends and neighbors gathered at the farm of Edgar Avison on May 18th. Nine tractors and necessary equipment were all in action by 8:30 in the forenoon and by four o'clock in the afternoon his crop for the year was all seeded.

Mr. and Mrs. Avison and Willis would like to extend their grateful appreciation and thanks to all those who helped or took part in the seeding of their crop on Monday last. It was indeed a help out and also a thanks to all those who helped in many other ways during Edgar's illness.

Harburt grew to 600 or 700 pounds.
